

REGISTRATION RULES – COPPA PAVONE 2018

The Committee encourages every participant to adhere to the spirit of community and friendliness which characterises and distinguishes the Coppa Pavone and to respect the following rules:

1. All teams must register to the tournament **before or on Friday 18th of May** by sending an email to the Committee at the address CoppaPavone2018@gmail.com.
2. Each team must nominate 1 person as a captain. This person will act as a liaison with the organisers.
3. When registering, all teams should indicate the name of the team, the colour of the team equipment, the name of the captain and her/his phone number and email address, the name of the team-players and their 'link' with the EUI and the walk-on theme. It is requested to describe clearly the players' link with the EUI to limit the work for the Committee, see also point 7.
4. **The teams must consist of both female and male members.** There is no limit as for the number of players from each of the sexes which can be registered in a team. There is a limit of 15 players in total. This rule of max. 15 players is strongly enforced and there will be made no exceptions.
5. **Any Coppa Pavone team can include a maximum of 3 players from the current IUE Calcio team** who have played EITHER more or equal than 8 games OR more or equal than 200 minutes before 28th of April of the 2017/2018 AICS Season (see the list below). No limit is set with respect to both current Squadra players who have played EITHER 7 games or less OR less than 200 minutes and former players of IUE Calcio.
6. Teams can only have a maximum of 5 members on the pitch. **There must be at least one player of each sex at any given time of the game** (at least one male and at least one female player).
7. **Teams must consist of persons who are connected to the Institute.** By way of example, they could be staff, researchers, alumni and persons who are regularly associated with organised activities within the EUI, but also their partners, direct relatives (e.g. parent, sibling, child) and former players. Friends do not count as relatives.
8. Only in cases of unexpected events (injuries, etc.) teams can bring new members into their squads after the tournament has already started. However, the organisers must be informed in due course. The organisers will have the final decision.
9. The teams should communicate beforehand (at the time of the registration) of any group commitment of the team-members which may overlap with the calendar of the Coppa. The event which may clash with the scheduled matches should be official, but not necessarily related to the EUI. The organisers will do everything possible to adapt the calendar to the teams' needs and schedule the matches accordingly.
10. Players who are playing in an all-female team (male keeper exempted) are also allowed to play for a second team in the Coppa Pavone.
11. By registering to the event, participants consent to the capture of video and still images which may be subsequently published in a number of media, including but not limited to print, digital and electronic use by the European University Institute and by the organisers of the Coppa Pavone. Those who don't consent it, should notify it during the registration of the team.

Firenze, May 2018
