

CADMUS

Making Your Research More Accessible!
cadmus.eui.eu

Cadmus, the EUI research repository, contains the records of more than 10,000 publications by current and former EUI members, and is visited more than 200,000 times a year.

You can increase the visibility of your research by placing the full text of your articles online.

Follow the four easy steps on our new help-page:
www.eui.eu/Research/FulltextHelp

The *Directory of Academic Publications*, now published on an annual basis, provides a listing from Cadmus of EUI members' books (with abstracts and cover images); EUI Theses; Articles; Contributions to Books; Working Papers and Research Reports.

The Library encourages current and former EUI members to donate copies of their recently published books to the Library collection.

Gift books will be displayed in the Badia showcase.
